

COUNTY OF SAN DIEGO, CALIFORNIA
BOARD OF SUPERVISORS POLICY

Subject

Connection to Districts Interceptor Sewers

**Policy
Number**

I-51

Page

1 of 1

Purpose

To establish a policy regarding sewer connections to the Districts interceptor sewers.

Background

From time to time, it may be necessary to construct interceptor sewers through undeveloped lands in the County or through lands that are identified on the County General Plan and Community Plans as lands not subject to urban-type services. The purpose of interceptor sewers is to transport sewage from an already urbanized area to a disposal system; they are not meant to provide service to the unurbanized lands through which they are constructed.

Policy

It is the policy of the Board of Supervisors acting as the Board of Directors of the San Diego County Sanitation District that:

No service connections to interceptor sewers will be allowed, except upon specific approval of land use by the Board of Supervisors.

Sunset Date

This policy will be reviewed for continuance by 12-31-09.

Board Action

10-23-73 (C Various)

8-22-89 (47)

11-01-00 (7)

08-07-02 (5)
